

**IN THE SPECIFICATION:**

Pursuant to 37 C.F.R. §1.125(b), the applicant respectfully requests that the Examiner accept the attached Substitute Specification in lieu of a listing of changes to be made to the original specification. As the changes made by way of the Substitute Specification are primarily formatting (adding paragraph numbers, etc.), a marked-up copy of the original specification has not been attached hereto. A minor change to the text of the specification has been made at ¶ 0002, “as chips’ performance limits” has been changed to --in the performance limits of the chips--. No new matter has been added by the Substitute Specification.
